To: Joseph Sardo  
Principal Owner  
Quality Painting Services Ltd.

Dear Mr. Sardo;

My wife and I would like to extend our sincere appreciation for the effort and professional manner in which your company has provided us painting services over the past couple of years. While we understand the applications were somewhat difficult, your team's ability to exceed expectations was extraordinary. The quality of work you provided was of the highest level. The trim work you did in our master suite was of the quality found in fine art shops or museum quality.

We understand referrals come at a premium these days but, you can always rely on our family to continue to refer your company to others (as we have done) and to continue to utilize your services for our needs. Our hat goes off to companies such as Ethan Allan for their initial referral. Quality just seems to follow quality where ever you go. Once again, many thanks for all your hard work and wishes for your continued success.

Sincerely  
Ronald J. & Oksana Paloni
